

Can I get a transaction report and desktop confirmation from PC FAX?

April 02, 2010

**Models:**MX-2300N / 2600N / 2700N / 3100N / 3500N / 3501N / 4501N / 5500N / 6200N / 6201N / 7000N / 70001N / MXM350N / MXM450N / MXM550N / MXM620N / MXM700N / MXM850 / MXM950 / MXM1100 / ARM237 / ARM257 / ARM277 / ARM317 / ARP350 / ARP450 / ARM280N / ARM350 / ARM450 / ARM550N / ARM620N / ARM700N / ARM355N / ARM455N / ARM160 / ARM162 / ARM205 / ARM207 / AR168S / AR168D / FODC550 / FODC500 / FODC525 / FODC535 / FODC600 / FODC635

**Cause:** Make sure the transaction report print select setting is turned on in KEY Operator mode for fax settings.

**Solution:** There is no desktop confirmation for faxes sent. To obtain a transaction report it must be enabled for all faxing, there is no separate reports for pc faxing.
